RICE UNIVERSITY  
School Mathematics Project  

PROGRAM ANNOUNCEMENT  
Fall 2019  

Exploring Geometry and Measurement Concepts for Student Success on STAAR: Grade 4 Mathematics (Two-Day Course in RUSMP’s classroom)  

Mondays: October 14, 2019 and November 4, 2019  
9:00 a.m. - 2:00 p.m. in the RUSMP classroom, 5615 Kirby Dr. Suite 300  

Come explore activities to use with your students to develop their understanding of geometry and measurement concepts. This course is designed for teachers who are seeking student-centered, research-based strategies and resources to help their students be successful on the STAAR Grade 4 Mathematics especially on the questions that focus on geometry and measurement.

- Concept-development activities for geometry and measurement  
- Problem-solving activities that focus on perimeter and area  
- Problem-solving activities dealing with measurement  
- Activities to develop an understanding of the classification of two-dimensional figures and angle measurement  

Each teacher will receive course materials and professional development credit.  

Enrollment is limited.
