Rice University School Mathematics Project’s
Summer Math Camps
at Annunciation Orthodox School’s Camp AOS
for 2nd-grade through 5th-grade Students

The Rice University School Mathematics Project (RUSMP) is once again offering two-week summer math camps at Annunciation Orthodox School’s Camp AOS for students who will be entering 2nd- through 5th-grade in the fall of 2020.

These enriching, activity-filled half-day camps will engage students in fun, hands-on mathematics investigations and games with connections to science, technology, engineering, and the visual arts. Students will enhance their love of learning and will leave energized and enthusiastic about mathematics and the other STEAM disciplines. These are not intended for remediation or as prep for the school year.

Information about early arrival and after-camp extended care as well as information about other camps is available through Annunciation Orthodox School. (Visit https://www.aoshouston.org/school-life/camp-aos for more information.)

**When:**
June 15-26 (Mondays through Fridays)
