

INFORMATION ABOUT MATH TUTORS

In response to the many calls and emails from members of the community seeking math tutors, we have created this site. This service to the community supports Rice University's *Vision for the Second Century, Second Decade* (<https://v2c2.rice.edu/>) which includes "Engage Houston and Empower its Success."

Feel free to contact the tutor directly. Hours, location, and pay are negotiated between the tutor and parent/student.
