

Rice University School Mathematics Project

# Summer Campus Program for Teachers

Celebrate a milestone summer of mathematics learning with the Rice University School Mathematics Project's (RUSMP) **40th Summer Campus Program for Teachers**. Returning to in-person instruction on the Rice campus, this year's program invites elementary teachers (Grades 1–5) and middle school teachers (Grades 6–Algebra I) to deepen their mathematical expertise and instructional practice in small, highly interactive classes. Guided by two experienced RUSMP Master Teachers per class, participants will engage in active, collaborative learning grounded in Mathematical Knowledge for Teaching (Ball et al., 2008) and Technological Pedagogical Content Knowledge (Mishra & Koehler, 2006) frameworks. Participants will also experience colloquia talks by distinguished educators and Rice faculty.

## PROGRAM EMPHASIS

- Knowing and learning theories
- Conceptual understanding
- Active learning
- Formative and summative assessment
- Vertical alignment
- Effective use of AI

## FOCUS

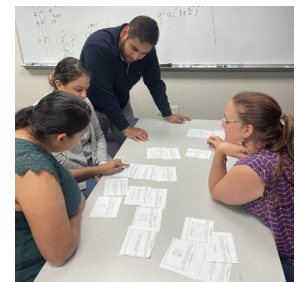

### Elementary Class

- Number concepts
- Geometry
- Measurement

### Middle School Class

- Algebraic reasoning
- Geometry
- Data analysis
- Statistics

## PROGRAM DETAILS

|             |  |
|-------------|--|
| SCHEDULE    | July 7–17, 2026 (4+5 days), 9–3 p.m.   |
| FEE         | \$2,000 (lunch & parking included)     |
| FORMAT      | On the Rice campus                     |
| CAPACITY    | 25 teachers per class                  |
| CPE HOURS   | 54                                     |
| GT HOURS    | 6 (HISD)                               |
| GRAD CREDIT | 3 hours (with additional requirements) |

“After attending the RUSMP Summer Campus Program, I feel empowered to motivate my students through inquiry and discovery as a facilitator rather than an instructor.”

— Past Teacher Participant
